ABOUT ME

My name is Eden Abera, and I am a recent computer science graduate and junior developer. I have a passion for programming and a drive to advance in the industry. I'm committed to providing high-quality solutions and am detail-oriented. I am eager to contribute my skills and collaborate with experienced professionals to make a meaningful impact in the world of software development. I am looking forward to my first work experience.

EXPERIENCE

Vintage Technologies PLC
July 2022- october 2022

- Design and Develop a Task management system
- Develop custom web design solutions
- Learned about the operations of the company's tech team

After Internship

In my final year, I developed a mobile job portal application that connects job seekers and companies, providing a user-friendly interface and features including job search, resume upload, job alerts, and messaging.
